

TrakSlider™ for Weapon Storage

# Reliable Stability Solution

TrakSlider™ Systems can more than double storage capacity by converting weapon storage cabinets into moveable systems that require a fraction of the original floor space. Datum's unique design eliminates fixed aisles between units which reduces retrieval time and increases user efficiency.

Thanks to ball bearing construction and four wheels per carriage, just a simple push of the hand effortlessly moves cabinets to the side to access materials stored in the rear of the unit, while half of the system still remains accessible.

A variety of configurations offers a wide range of space-saving storage possibilities from three to twenty-five weapons cabinets all housed within one TrakSlider™ System!

TrakSlider™ Systems are one of the most flexible and efficient ways to increase capacity for any storage-related application.

Cabinets are sold separately and are not included with bi-slider system.

## 1 Anti-tip Safety

Systems feature an Lower Anti-Tip mechanism to ensure safety and enhance the ease of movement among shelving sections.

## 2 Heavy-duty Carriage

Single-piece, heavy-duty steel carriage with high-density Delrin® wheels creates a durable base for moveable cabinets.

## 3 Easy Expansion

Modular tracks allow for the simple conversion of stationary units to a Bi-slider system. Track can also be expanded laterally to increase storage capacity.

## 4 Leveling Track

Reinforced steel tracks equipped with leveling guides spaced every 12" from the center creates a solid foundation that allows for smooth operation—even on floors that aren't level. No permanent attachment to the floor is required.

## CUSTOMIZABLE, VERSATILE, DURABLE AND GUARANTEED

For more than 50 years, Datum® has been crafting state-of-the-art storage solutions to fit any need, design and budget. Engineered and constructed in the U.S.A. with high-quality and environmentally friendly materials and processes, Datum Storage Solutions® saves space, time and money.

Our customer service team and worldwide network of dealers will work with you to create a solution for your business, office, educational facility, archive or law enforcement agency that conforms to your current and future space and storage needs.
